

Technical data sheet

KRONES colclean CD 2090**Special foam cleaner****Product description and application**

KRONES colclean CD 2090 is a special foam cleaner for shampooing upholstery, carpets and other furniture textiles. Upholstery/carpets have to be vacuumed thoroughly before use. Dilute KRONES colclean CD2090 10% with water, create dry foam and apply it with a brush. Do not wet the upholstery. Remove moisture after 15 min. Let dry out over night and vacuum again. For industrial use only.

Operating conditions

Concentration:	10%
Dosing:	manually
Temperature:	ambient

Concentration check

Not applicable

Physical data

Form/colour/smell:	liquid, yellow, characteristic
pH value:	6
Density:	approx. 1.02g/cm ³
Temperature stability:	stable at 5 to +40°C

Material compatibility

Compatible in the use concentration with all common materials in furniture textiles. At the same time, however, the possibility of material incompatibilities cannot be completely ruled out. We recommend to carry out appropriate tests in case of uncertainty.

Storage/ Shelf life

The product should be stored sealed in the original container in a cool, well ventilated place. Minimum shelf life: 3 years.

Classification

Please refer to the corresponding safety data sheet for details on:

Hazardous Information
Transport Regulations
Safety Regulations
